DO NOT DISCARD: IMPORTANT LITERATURE; PLEASE READ AND FOLLOW INSTRUCTIONS CAREFULLY AND IDENTIFY ALL PARTS BEFORE ASSEMBLY.

⚠ WARNING: CHOKING HAZARD: Small parts; adult assembly is required. This product contains sharp points and small parts that are necessary for assembly. Before and during assembly, keep small parts out of children's reach. Small parts pose a hazard to children under 3 years.

⚠ CAUTION: Dispose of all packaging safely before giving this toy to a child. The packaging material contains small parts that could be swallowed. Keep away from children until assembled.

TO AVOID SERIOUS INJURY:

- Adult supervision is required when the item is in use.
- Adult assembly required, Phillips / cross-head screwdriver (not included) is required during assembly.
- This item must be used on level ground. DO NOT use near cars or other motor vehicles, streets, steps, stairwells, sloped driveways, hills, roadways, alleys, swimming pools, or other bodies of water such as pools, streams, rivers, lakes, or oceans.
- Always wear shoes or sneakers to prevent injury when riding this toy.
- When riding this toy, please keep hands, feet, loose clothing, and long hair away from the wheels.
- DO NOT allow children to use this product until it is completely assembled.
- DO NOT ride this toy in rainy weather.
- DO NOT allow more than one rider.
- Maximum weight up to 23 kg.
- This toy is designed for fun and active play, but we recommend using it with care. Proper skills are essential to prevent falls or collisions that could result in injury to the user or others.

CARE AND MAINTENANCE

- Before using, check that all screws and pegs are securely tightened. Loose or improperly assembled parts could cause minor injuries.
- Regularly inspect the toy for worn-out parts and tighten them if needed. Replace any broken or cracked parts right away.
- Clean the toy with a slightly damp sponge or towel for best results.
- Keep the toy indoors during rain to prevent damage. Always store it in a dry place.
- Avoid leaving the toy in direct sunlight, as prolonged exposure can cause the colors to fade.
- When temperatures drop below 32°F/0°C, store the toy indoors. Extreme cold can make the plastic brittle and prone to cracking.

FOR DISPOSAL

The owner of this product is responsible for disassembling and disposing of the playground equipment in a manner that eliminates any potential hazards, ensuring safety during and after disposal.

This toy uses self-tapping screws, which are designed to create their own hole and threads as you fasten them. Simply align the screw with the indicated position and tighten it gently to ensure a secure fit. Avoid overtightening to maintain durability.

Scan to Connect

Before starting the assembly, please ensure that the part quantity matches the numbers listed in the manual. If you find any discrepancies in the part count or encounter any product-related issues, feel free to reach out to us at +918221001033 or connect with us via WhatsApp in between 9:30-6PM, Monday to Saturday. We're here to assist you!

1

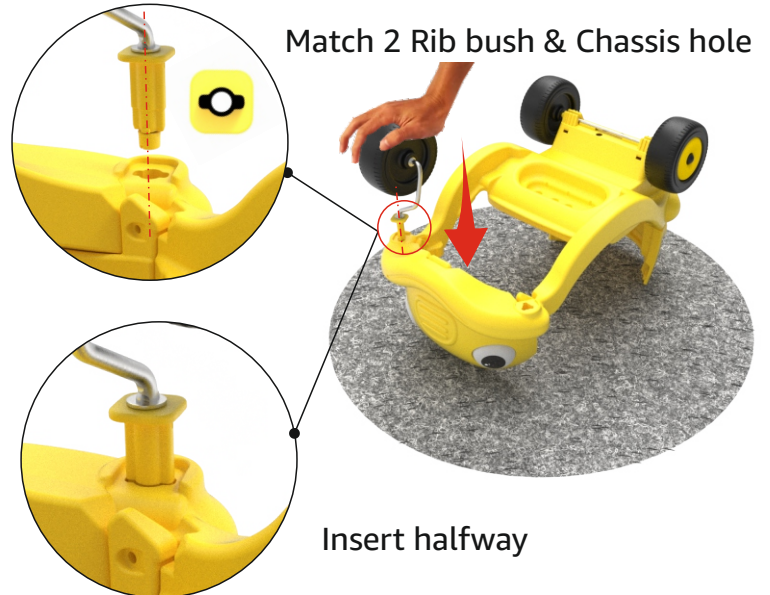

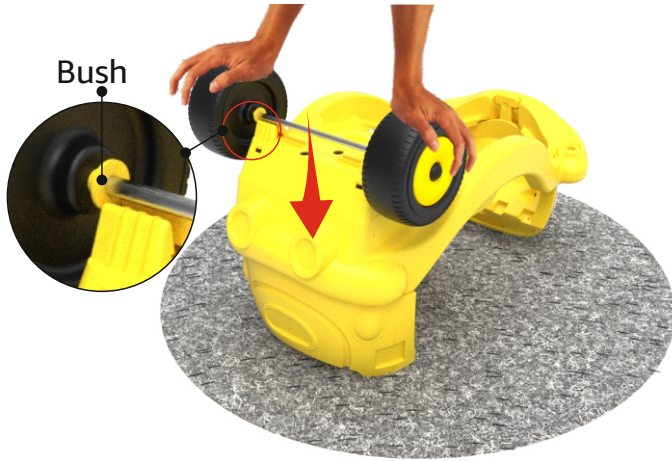

STEP

Required Assembly Part

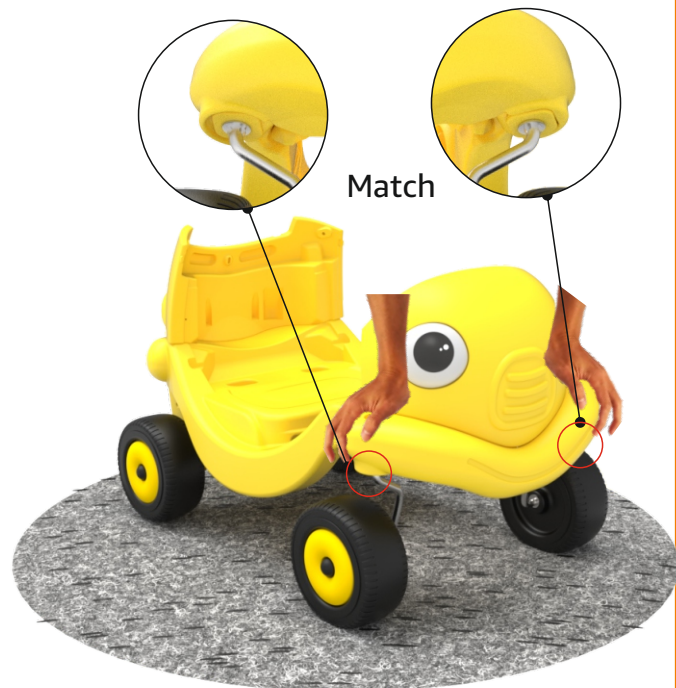

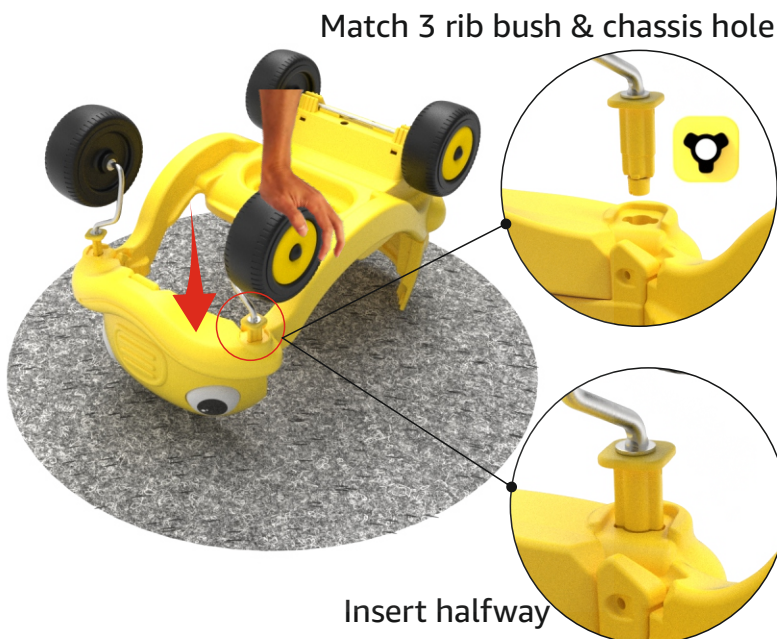

It is recommended to lay a carpet on the floor to prevent scratches and restrict wheel movement during assembly.

- Flip the chassis upside down as shown in the image.
- Take the rear wheel assembly, place it over the provided slot at the back side, and press it, ensuring that the side bush is outside of the chassis as shown in the image.

Take the Front wheel set(with 2-ribs bush) and align the front wheel set (with the 2-rib bush) to the corresponding shape on the chassis. Then insert, and push it halfway in, as shown in the image.

- Take the Front wheel set(with 3-ribs bush) and align the front wheel set (with the 3-rib bush) to the corresponding shape on the chassis. Then insert, and push it halfway in as shown in the image.

- Flip this assembly as shown in the image. Push from the front side to ensure the front wheel bush (with 2 ribs and 3 ribs) matches properly with the chassis.

2

STEP

Required Assembly Part

Assembled Chassis x 1 N

Door x 2 N

Front Frame x 1 N

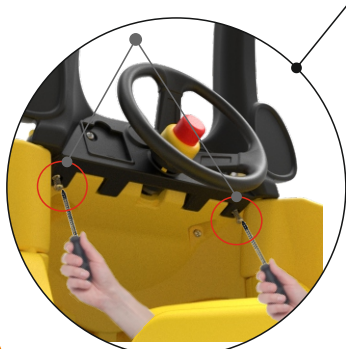

- Take the assembled chassis (in step 1) and doors.
- Align the door pin with the Hole provided on the chassis as shown in the image.
- Keep the door in an open position as shown in the image, and align the Steering tube with the hole provided on the Chassis as shown in the image.

This toy uses self-tapping screws, which are designed to create their own hole and threads as you fasten them. Simply align the screw with the indicated position and tighten it gently to ensure a secure fit. Avoid overtightening to maintain durability.

50mm Screw x 2N

25mm Screw x 2N

- Press the front frame on the chassis until it is fully matched with the chassis as shown in the image.
- Fix the Screws as shown in Figure.
- Ensure that the front frame and the chassis match perfectly before screwing.

Chassis Assembly is ready for the further steps.

3

STEP

Required Assembly Part

Assembled in Step-2
