

GIRAFFE SLIDE WITH BASKETBALL

Instructions

Maintenance:

- Before each use, ascertain that all the fasteners are firmly tightened and all the parts are securely fastened.
- Always wipe the product with a plane, dry cloth regularly and avoid using harsh chemicals.
- Do not discard the spare fasteners as they can come in handy in future.

Caution:

- The product must be assembled by an adult only. Keep all the parts out of the reach of kids until the product is fully assembled.
- Always sit upright and go down feet first on the slide. Climbing up the side, sliding down headfirst or in the standing position can be fatal and should be avoided at all costs.
- Abstain from jumping off the slide seat and hanging on the basketball ring.
- Always place the product on an even surface. Using it on concrete or a rough surface can make it unsteady and may cause injuries.
- This product is intended for use by kids over 2 years of age.
- Packaging materials are not safe to play with and should be kept away from kids.
- Adult supervision is recommended when kids are using this product.

Warnings:

- Always assemble on a non-abrasive surface, ideally a carpet, to avoid scratches and make sure there are no sharp objects placed nearby.
- Do not connect any external item (chain, rope or cables) to the product.
- Avoid over-tightening the fasteners as it may cause damage to the parts.

Assembly Instructions

Required Assembly Parts

Big Slide

Small Slide

Allen Bolt x 2

Washer x 2

Allen Key x 1

Before starting the assembly, lay out a carpet on the floor to avoid scratches.

Screw holes aligned

Screw Holes

Take the big and small slides, turn them face down and align their screw holes. Make sure the screw holes of the small slide are over the screw holes of the big slide.

Put a washer on each of the two allen bolts and insert an allen bolt(with washer) into each of the aligned screw holes. Tighten both the allen bolts one by one with the allen key, fastening both slides together.

Slide Subassembly (Step 1)

Step x 2

Side Panel x 1

Big Nut x 4

Take a side panel and a step. Align the threaded pin of the step with the designated hole on the side panel, Push the step sideways towards the side panel, guiding the threaded pin through the designated hole. Put a big onto the protruding end of the threaded and tighten the nut, securing both the side panel and step together. Similarly, secure the other step to the side panel.

Fasten the slide subassembly (assembled in step 1) to the side panel with two big nuts.
