

RABBIT SLIDE

Instructions

Maintenance:

- Before each use, ascertain that all the fasteners are firmly tightened and all the parts are securely fastened.
- Always wipe the product with a plane, dry cloth regularly and avoid using harsh chemicals.

Caution:

- The product must be assembled by an adult only. Keep all the parts out of the reach of kids until the product is fully assembled.
- Always sit upright and go down feet first on the slide. Climbing up the side, sliding down headfirst or in the standing position can be fatal and should be avoided at all costs.
- Abstain from jumping off the slide seat and hanging on the basketball ring.
- Always place the product on an even surface. Using it on concrete or a rough surface can make it unsteady and may cause injuries.
- Packaging materials are not safe for children to play with and should be kept away from kids.
- This product is intended for use by kids over 2 years of age.
- Adult supervision is recommended when kids are using the product.

Warnings:

- Always assemble on a non-abrasive surface, ideally a carpet, to avoid scratches and make sure there are no sharp objects placed nearby.
- Do not connect any external item (chain, rope or cables) to the product.
- Avoid over-tightening the fasteners as it may cause damage to the parts.

1 STEP

Assembly Instructions

Required Assembly Parts

Right Panel x 1

Step x 3

Big Nut x 3

Slide Support Bar x 1

Before starting the assembly, lay out a carpet on the floor to avoid scratches.

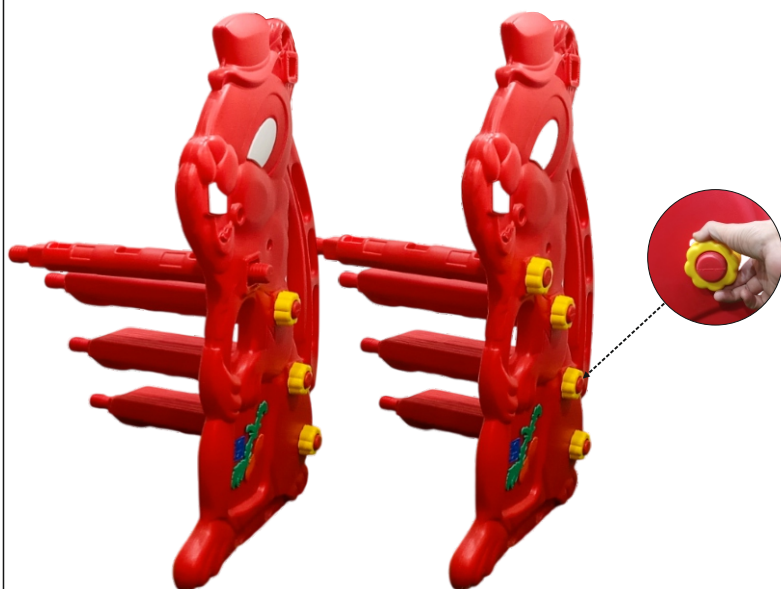

Take a step and the right panel from the packaging. Align the threaded pin on the side of the step with the corresponding hole on the right panel. Carefully push the step so that its threaded pin slides through the designated hole on the right panel and extends out the other side.

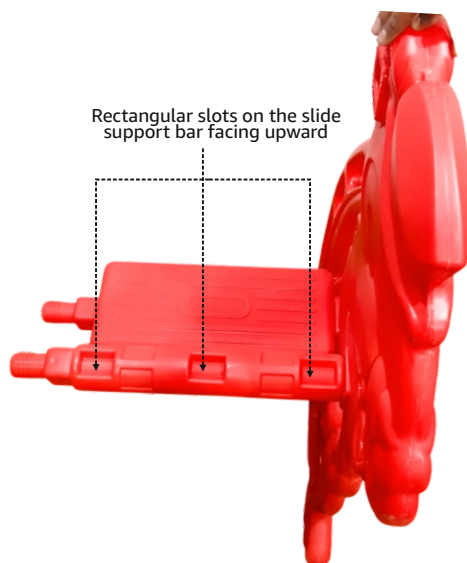

Place a big nut on the protruding end of the threaded pin and then tighten the nut.

Similarly, secure the two other steps to the right panel.

Take the slide support bar from the packaging and secure it to the right panel with a big nut.

Rectangular slots on the slide support bar facing upward

Before securing the slide support bar, make sure the rectangular slots on it face upward.

2 STEP

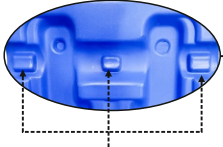

Required Assembly Parts

Subassembly (Step 1)

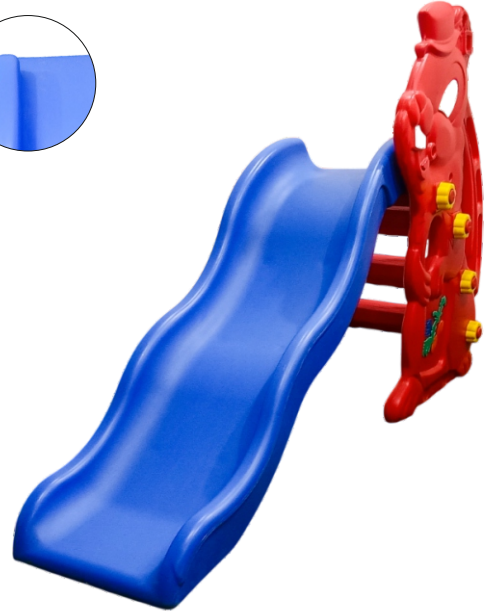

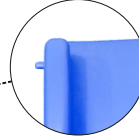

Slide x 1

Rectangular tabs on the slide underside

Pin

Take the slide and position it above the slide support bar of the subassembly (step 1) ensuring that the tabs on the underside of the slide top perfectly align with the rectangular slots on the slide support bar. Now, push down the slide onto the support bar, fitting the tabs into the slots of the slide support bar. Additionally, make sure that the pin at the side of the slide top inserts into the circular slot on the right panel, ensuring a secure fit.

3 STEP

Required Assembly Parts

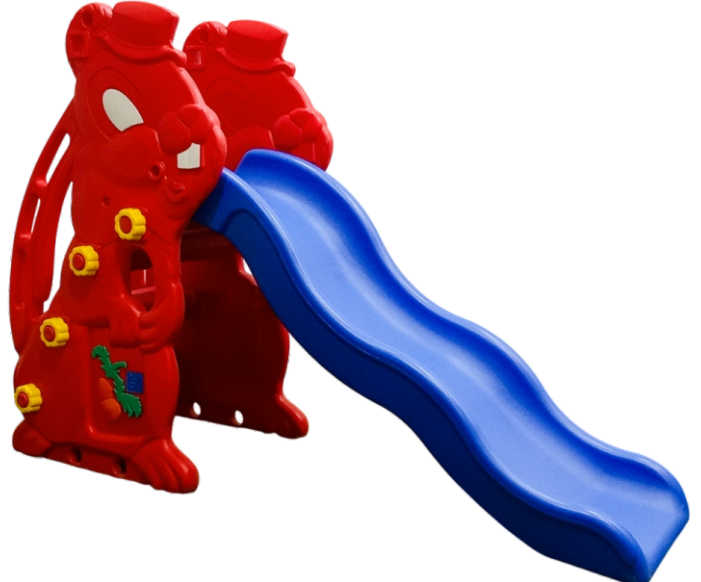

Subassembly (Step 2)

Left Panel x 1

Big Nut x 4

Take the left panel from the packaging and fasten it to the subassembly (step 2) with four big nuts as shown in the images above.

4 STEP

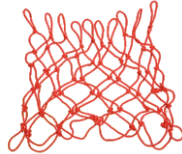

Required Assembly Parts

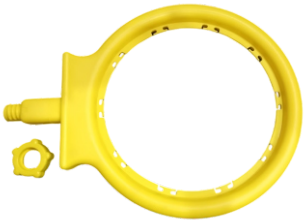

Subassembly (Step 3)

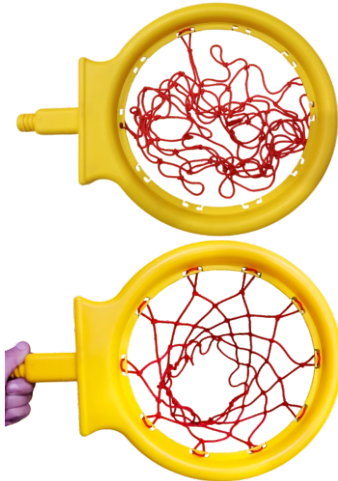

Basketball Ring x 1

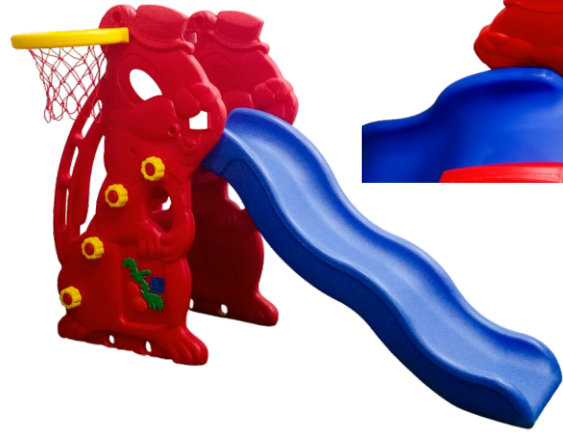

Basketball Net x 1

Take the basketball ring and remove the pre-fitted nut.

Take the basketball net and hold one of its loops with your fingers. Wrap the loop around a pair of hooks. Move to the next pair of hooks and repeat the process, securing each loop of the net to the basketball ring.

Attach the basketball ring (with net) to the left panel of the subassembly (step 3) with the nut that you removed earlier.

Your Rabbit Slide is now ready for use!
