

SCOOT HOOT RIDEON

Instructions

Maintenance:

- Before each use, ascertain that all the handles are firmly tightened.
- Always wipe the product with a plain, dry cloth regularly and avoid using harsh chemicals.

Caution:

- The product must be assembled by an adult only. Keep all the parts out of the reach of kids until the product is fully assembled.
- For safety, kids should always face forward while riding the rideon.
- Never ride the product facing backward.
- Always place the product on an even surface. Using it on concrete or a rough surface can make it unsteady and may cause injuries.
- Always hold onto the front handles while using the product.
- Packaging materials are used to safeguard the parts against damage during transportation and should be disposed of once the assembly is complete.
- Adult supervision is recommended when kids are using this product.

Warnings:

- Always assemble on a non-abrasive surface to avoid scratches and make sure there are no sharp objects placed nearby.
- Avoid over-tightening the handles as it may cause damage to the parts.

Assembly Instructions

Before starting the assembly, lay out a carpet on the floor to avoid scratches.

Take one handle and insert its threaded end into the designated slot at the back end of the ride on body assembly. Rotate the handle clockwise until its stop ring makes contact with the ride on body, securing the handle in place.

Take another handle and insert its threaded end into the designated slot at the back end of the ride on body assembly. Rotate the handle anticlockwise until its stop ring makes contact with the ride on body, securing the handle in place.

Similarly, install the two front handles on the scoot hoot body assembly.
